President RHEE has given his approval for IM Ch'ŏl-ho (0117/0811/6964), chief of the Liberal Party Organization Department, to establish an automobile repair factory, possibly in Taegu. The factory would repair United States jeeps for the army,¹ eliminating the need to send jeeps to an ordnance repair depot in Japan. The work would be on a contract basis. IM Ch'ŏl-ho is scheduled to be president-director.

1. Comment. Presumably this refers to both the ROK and the United States Armies. In March the United States Army was performing 1st to 3rd echelon maintenance in Korea and sending vehicles requiring 4th and 5th echelon maintenance to Japan.
